The leaves are beginning to deepen into beautiful fall colors, a true sign that winter is around the corner and with it...the Magic only the Nutcracker Ballet can bring! Santa Cruz City Ballet (the Ballet Company of the Santa Cruz Dance Guild - 501c3), is buzzing with excitement preparing for our favorite time of year! The City Ballet production is alive with innovative choreography, stunning dancers, mesmerizing costumes and sets, and something unique for every audience member to enjoy. Dancers of all ages sparkle alongside professional dancers.

We invite your family or business to join the festivities and kickoff holiday traditions with a generous contribution to support this spectacular performance and the mission and values of the SCDG. The Santa Cruz Dance Guild has created professional dance performance and outreach opportunities for the community for many years and has been offering dance scholarships to underprivileged and disadvantaged dancers, particularly those from the Family Shelter and CASA in Santa Cruz County.

We are committed to providing professional performing opportunities and the benefits of dance education to our entire community to include all dancers, including those that are at risk or low income through our scholarship fund. With your contribution we will also be able to provide scholarship tickets to deserving families.

Sponsorship and advertising contributions also go toward offsetting the tremendous cost involved to produce a production of this scale, including hiring amazing guest artists, compensating fabulous local choreographers and technical personnel, as well as performing in the best venue Santa Cruz has to offer. Additionally, we purchase and restore hundreds of costumes each year, as well as create new sets, backdrops and props, while producing new choreography and maintaining tradition.

We are looking toward the future. Planning and funding for next year begins now. We can't do it without your support!
